Ministry Highlights, Second Quarter 2010

[CHE Reaching 93 Countries](#)

Coming Events

Pastors Conference with Mercy Ships, Togo, 7/26-29

Microenterprise Development Training, Gambia, 7/29-8/5

Consultation visits in Indonesia, 9/3-10

CHE Internship, Philippines, 9/11-17

Dear First Baptist,

In this letter I want to invite you to pray with me about a couple of events in the coming months that we believe are critical to the expansion of CHE ministries in West Africa and around the world.

Pastors Conference hosted by Mercy Ships in Lome, Togo

Kpowbie Daniel serves as CHE Coordinator in Togo

Infant mortality around the world has dropped nearly 30 percent during the past two decades worldwide. But that improvement in child survival is far smaller in West Africa. Fourteen of the twenty-five countries with the worst infant mortality rates are in West Africa. In Togo, one in 10 will die before the age of 5. In Liberia, it is one in five. In Sierra Leone, one in four. The numbers are not much better in most of West Africa. The majority of these child and infant deaths can be prevented through clean water, nutrition, hygiene and sanitation. These are needs to which the church can respond through Community Health Evangelism ministries. The goal of this trip is to mobilize the church in Togo to minister to this need while sharing the message of eternal salvation through faith in Christ. Terry will speak to more than 300 pastors in Togo, casting a vision for what the church can do. Follow up training will be offered to those who are interested. The goal of this effort is 25 villages helped out of poverty and 10 new churches planted.

CHE Internship in the Philippines

One of the keys to the expansion of Community Health Evangelism ministries worldwide are leaders who have been trained through the CHE Internships as

Training of Trainers, Colorado Springs, 10/11-16

Training of Trainers, Geneva, Switzerland, 10/26-29

Missions Conference, The Crossing, Tampa, FL, 11/6-7

CHE Network Founders Meeting, Louisville, 11/9-10

Global Health Missions Conf., Louisville, Ky, 11/11-13

National Missionary Conv., Lexington, Ky, 11/18-19

Dalrymple's Support

For those who would like to contribute to the Dalrymple's support, make your check out to LifeWind International, noting for account S051.

Modesto CA. 95357-6645

consultants who train and equip missionaries, churches, and non-profit organizations to implement CHE in their communities. In 2002, Terry initiated an internship program for the purpose of training and equipping these leaders. Since 2002, 141 people from 58 different countries have graduated from the course. This year, another 16 will gather in Cebu on August 1 for the seven week program. Terry will go to the Philippine September 11-17 to teach the final week of classes. Pray with us that God will use this internship to equip these emerging leaders for the work He is calling them to do.

Thank You

Thank you so very much for your support and prayer. Together we can make a difference.

Sincerely,

Terry and Jeannie
